

Gods and Fathers: The Invictus Cycle Book 4

Nationally bestselling author James LePore has established a reputation as a writer whose vividly drawn characters and morally complex plots have kept readers up to all hours turning pages. His new novel promises more sleepless nights and more nonstop thrills. Matt DeMarco is an accomplished Manhattan attorney with more than his share of emotional baggage. His marriage ended disastrously, his life shifts from troubled to imperiled when two cops men he's known for a long time come into his home and arrest his son as the prime suspect in the murder of the boy's girlfriend. Suddenly, the enmity between Matt and his only child is no longer relevant. Matt must do everything he can to clear his son, who he fully believes is innocent. Doing so will require him to quit his job and make enemies of former friends and it will throw him up against forces he barely knew existed and can only begin to comprehend how to battle. **GODS AND FATHERS** is at once a powerful mystery and a provocative international thriller, all of it presented with LePore's signature fascinating characters placed in dire circumstances where every choice poses new and potentially fatal challenges.
