

Usually, this is where we'd tell you what this book is about. But with Chris Cleave, it's a bit different. Because if you've read *The Other Hand* or *Incendiary*, you'll know that what his books are about is only part of the story - what really matters is how they make you feel. *Gold* is about the limits of human endurance, both physical and emotional. It will make you cry. *Gold* is about what drives us to succeed - and what we choose to sacrifice for success. It will make you feel glad to be alive. *Gold* is about the struggles we all face every day; the conflict between winning on others' terms, and triumphing on your own. It will make you count your blessings. *Gold* is a story told as only Chris Cleave could tell it. And once you begin, it will be a heart-pounding race to the finish.
