

Havana: A Swagger Family Novel (Earl Swagger Series)

High summer in Cuba, 1953, and Havana gleams with possibility. Flush with booming casinos, sex and drugs, Havana is a lucrative paradise for everyone from the Mafia, Domino Sugar, and United Fruit to pimps, porn-makers, and anyone looking to grab a piece of the action?including the Cuban government, which naturally honors the interests of its old ally, Uncle Sam.Of course, where theres paradise, trouble cant be far behind. Trouble, in this case, makes its entrance in the terrifically charismatic and silver-tongued form of a young revolutionary named Fidel Castro. The Caribbean is fast becoming a strategic Cold War hub, and Soviet intelligence has taken Castro under its wing. The CIAs response is to send the one man capable of eliminating Castro: the legendary gunfighter and ex-Marine hero Earl Swagger, who proved his lethal talent in the national bestsellers Hot Springs and Pale Horse Coming.In Cuba, Earl finds himself up to his neck in treacherous ambiguity where the old rules about honor and duty dont apply, and where Earls target seems to have more guts and good luck than anyone else in Cuba.
