

The Heart of Constantine

Vigilante Native American rock star Constantine Dufray has hit rock bottom. His telepathic abilities have spun out of control, and destructive rumors about him run rampant. Some are true, he caused a violent cops suicide, and telepathy destroyed his marriage but he didn't poison his wife, and he couldn't have caused riots at his concerts, killing his fans...or could he have? Now an unknown enemy is trying to frame him for rape and murder. Meanwhile, aura reader Marguerite McHugh finally gets a close encounter with the mysterious star, but it's nothing like she expected. When Constantine finds her after she's been drugged at one of his shows, Marguerite is pulled into his quest for the truth. As danger mounts and murders pile up, Constantine and Marguerite are forced into an ever-more intimate relationship. Only by facing their fears and working together can they unmask the killer before more innocent people die. Secrets, lust, and magic converge in this sexy, fast-paced tale.
