

## Heavy Water: and Other Stories (Vintage International)

Martin Amis is a stone-solid genius...a dazzling star of wit and insight. --The Wall Street Journal In this wickedly delightful collection of stories, Martin Amis once again demonstrates why he is a modern master of the form. In Career Move, screenwriters struggle for their art, while poets are the darlings of Hollywood. In Straight Fiction, the love that dare not speak its name calls out to the hero when he encounters a forbidden object of desire--the opposite sex. And in State of England, Mal, a former minder to the superstars, discovers how to live in a country where class and race and gender were supposedly gone. In Heavy Water and Other Stories, Amis astonishes us with the vast range of his talent, establishing that he is one of the most versatile and gifted writers of his generation.
