

Honeybun in a Loin Cloth: Romantic Suspense with a Taste of Mystery (Honeybun Heat Book 5)

The Honeybun Heat romantic suspense series offers readers heart pounding mystery and suspense with humor and sizzling romance! When Godric Honeybun decides to portray a Native American in a war reenactment weekend, he doesn't expect to run into his own, personal Indian princess on the battle field. Much to his amazement, when someone tries to kill her, he quickly discovers his inner warrior as he fights to keep her safe. Chandini Moonglow likes reenactment weekends because they allow her to get in touch with her Native American roots. A brilliant chemist and holistic healer, Dini can't imagine who might want her dead. But she does know that the tall, sexy man with curly, auburn hair and an impossibly deep voice might be all that stands between her and certain death. And, for a variety of reasons, she's really glad he's there!
