

To Trust and To Love

I am writing this story, in favour to all those gallant people who have in their turn, been let down by the people they have loved and trusted so deeply, this is a factual plus with a bit of fiction, but as saying this I know through life its self, some if not all of the story has been experienced in some peoples lives one way or the other, and I also know that in life its self, some people change for the good, but it must also be said that there are people out there that are bad, and will and do take advantage of others in a vulnerable situation, no matter what the cost to others they leave behind, so in short this story is for those who in turn who have fallen pray to the bad scheming, fraudulent without any conscience nor scruples, but have picked theyre way up in life and have also helped others in their turn, so what other else I do in life, Im dedicating this book to my Mother, Wife, Daughter, because whatever and whoever people are put there, they all have Mothers, Wives, Daughters, Aunties, Nieces, Nans and Sisters.
