

If I Could...

At nineteen, Ema Vaduva was pregnant when she was forced to leave Romania. For twenty-eight years, Ema and her daughter, Daniela, lived a modest and reclusive life. They were inseparable until one fatal day Ema dies. That day would change Danis life forever. She had never been all alone and with no family to call her own. Then one afternoon while cleaning out her mothers closet, she finds a brown box. Are the secrets to her mothers past tucked inside? Feeling alone and desperate, and with nothing else to lose, Danis goes in search of answers. Will that brown box hold the answers to Emas past and Danis future?
