

Changing Status: A novella collection by Kyra Lennon

For the first time ever, Kyra Lennons first three novellas have been put together into one collection for you to enjoy! *If I Let You Go* Madison Connor is about to lose it. Her job, that is. For three years, shes taken care of Dominic Hartleys five year old daughter, Tilly, but her world is flipped on its head when Dominic tells her his latest promotion is taking him to New York. With Tilly having a meltdown over the move, Madison and Dominic get into a fight that changes the entire nature of their relationship, causing Madison to ask herself a big question. Can she let him go?

And It All Comes Down To You Marnie Ross swore she wouldnt get her hopes up when Logan Ryan invited her for a day out, listening to some of the UKs hottest bands. After all, it isnt a date, right? If only it were that simple. Marnie is in serious danger of setting herself on fire with the torch she carries for Logan. When a freak storm puts a dampener on their festival fun, Marnie and Logan are forced to check into a B&B for the night. However, will this change of plans be a blessing in disguise? Rum and cokes lead to reminiscing, and the sparks flying between them make Marnies feelings impossible to ignore. Everything has always come down to Logan, since she first scrawled his initials all over her school books. Will she embrace the chance to make her dreams come true, or will the fear of being burned keep her out in the rain?

Mistletoe & Memories (written as Matilda Maxwell) Christmas is Edens favourite holiday, until Declan Fox reappears in her life to dampen her festive spirit. The boy who made her school years a misery isnt the boy he used to be, though, and Eden starts to see a side to him she never knew was there. Unfortunately, his inconsistency throws doubt on his intentions leaving Eden convinced his desire to get close to her was another of his childish pranks. Suddenly, the most wonderful time of the year turns into a time of self-doubt that no

amount of feel-good Christmas movies can fix. However, when Declan shows up under the mistletoe, Eden has a big decision to make. Can she really trust that hes grown up, or will the memories of the past keep her from having a chance with the one guy she could never forget?
