

Illusion

Is life real? A memory...or an illusion? When Steve McKuen loses his soul mate in an assassination attempt, he battles to recover his life. Psychopathic killer, John Christian, blindsides McKuen by setting up a counterfeiting operation in McKuens bar. After McKuen is nearly killed, he turns to his assistant, Dennis Reneaux, and detective Charlotte Coil to bring Christian to justice. Set in the streets and bars of present-day Los Angeles, Illusion is surprisingly inspirational for a romantic crime thriller, and captures the gritty reality of present-day Los Angeles. InterviewThe following interview with the author was conducted in October, 2015. Q - What makes Illusion unique? A - The people in the book and reality of the crime thriller story world. Since I love reading mystery and thriller, private detective, serial killer and romance novels, Im producing these genres in one book. The book introduces and focuses on three people, while at the same time driving the action forward, a real page-turner. Q - Is the book part of a series? A - Yes, in a way. Illusion starts a story thread which is continued in my novel The Greatest Game and finally Control. Each book stands alone, and you can read them in any order. All of the story and subplot threads tie up in Control, but each book contains its own main plot that climaxes and resolves in that book of the series. If you do want to read them in order, Id suggest following the Book numbering sequence: 1 Illusion 2 The Greatest Game 3 Control Ive introduced a new series starting with the book McKuens Revenge (A serial killer vigilante justice crime thriller). Its the first part of the novel Control. Q - Why should readers give these books a try? A - Each of the books Illusion, The Greatest Game and Control move fast. Theyre crime thrillers which leave you wrung out and satisfied. The books contain kidnapping, serial killers, vigilante justice, smuggling, terrorism and

cybercrime. The series winds up with an ending that rivals many horror novels. The good guys win, of course, but not without paying a life-changing price. Add generous helpings of romance throughout, and you've got plots that twist and turn all the way to the end. Q - Do characters recur throughout? A - Yes, the books feature the same people in the same locations. Illusion sets up Steve McKuens story, and The Greatest Game sets up Charlotte Coils. Annie McCarthy, Courtney Perez and Tamra Morrison figure prominently in each of them. Please see my Author Page for those books. Q - Anything you would like to add? A - Thanks for reading!
