

## Force Protection

From the acclaimed author of *Top Hook* and *Hostile Contact*, the fifth exhilarating tale of modern espionage and military adventure featuring US Navy intelligence officer Alan Craik sure to appeal to the many fans of Tom Clancy and Dale Brown. Alan Craik and his US Navy battlegroup confront two new enemies: international, organized crime and a massive storm at sea. Alan is back on the aircraft carrier USS Thomas Jefferson, using the latest radar technology to monitor smuggling craft in the Indian Ocean between Pakistan and Somalia. As a break he is sent ashore to assess the port of Mombasa for a forthcoming liberty visit. While the battlegroup remains at sea because of a brewing storm, he arrives in Mombasa safely. But he is hardly on the beach when a US Navy support ship is blown up at the dockside. Chaos ensues, and further acts of violence. Soon cut off from support by the storm at sea Alan is charged with the task of tracking down the faceless people behind these apparently motiveless terrorist attacks.
