

LOVE TRUMPS CULTURE: LOVES CULTURE II

Mahad Basari wanted nothing more than to marry Sadia Lemore. They had been dating for several months and they had been intense months. He didnt feel it was possible for him to love her any more. The fact that his father did not approve and refused to speak to him until he broke up with her was of no consequence; he wanted, needed and would have Sadia as his wife. Also the new interlopers on the scene have their agendas but they are powerless in the face of his love. Sadia had never loved anyone more than she did Mahad and he treated her the way she had always dreamed of being treated but the lack of acceptance of her by his father was still a concern. She was very close to her mother and father and could not imagine not having them as part of her life or having their blessings, but giving Mahad up was not an option. Her prayer was that LOVE really could Trump Culture!
