

## The Mummies Curse (An Amanda Pepper Mystery Book 7)

In her new novel starring Philadelphia schoolteacher Amanda Pepper, Gillian Roberts once again mixes mystery and mirth. This time Roberts explores Philadelphia's unique flesh and blood historical monument-- the Mummies, who live (and perhaps are willing to die) for a few hours of glory every New Year's Day. The famous Mummies Parade is an extravaganza that draws enormous crowds who cheer through chattering teeth, as more than suddenly sinks to the ground, shot dead. Amanda is, at first, only a horrified spectator. But when the prime suspect--her friend and fellow teacher at Philly Prep--falsely claims to have been with her at the time of the murder, Amanda can no longer stay on the sidelines. Is the murder a flare-up of deadly rivalries? Is it connected with the disappearance, the week before Christmas, of another Mummy, the heir to a meat-packing family? Does someone disapprove of the Mummies' feathers, sequins, and string bands? And why is no one in the tight-knit world Amanda investigates willing to tell the truth about anything? With Amanda on the scene, the who in whodunit doesn't stay secret for long. In *The Mummies Curse*, Gillian Roberts is, as always, at the head of the parade.
