Americas spy network is under investigation - but when a committee starts to delve in to their suspicions, they mistakenly gut the nations entire intelligence system. Suddenly Russias special killer teams are free to wreak havoc in Europe with no threat of retribution. American spies turn up dead, and in capitals around the world, meetings are held to plan the next anti-American escapade. There is one hope left for Americas defences. Into the breach are thrown Americas two secret weapons: Remo Williams, the Destroyer, and his deadly mentor, Chiun, a master assassin. They are sent overseas to restore the worlds balance of power from amongst the chaos. But the Soviets dont give up that easily. They too have a secret weapon, and when they unleash it, Remo and Chiun find themselves faced with a battle to the death.
