

The Hunter Inside

You can lock your windows and your doors, but you cannot lock your mind from The Hunter Inside. Paul Wayans and Bill Arnold have something in common. They are being stalked by a vicious killer. Sandy Myers, rushing from home with her 7 year-old twins in tow, grabs a letter from the mailbox. It is addressed to Sandy Carson. Her maiden name. Contained within the plain manila envelope is a photograph. A photograph of a corpse. The past has caught up with them, and now their lives are in jeopardy. A monster more fearsome than any the world has ever seen is hunting them, bringing with it echoes from the past and threatening the future of civilization. Should they run, or should they stand and fight? FBI Special Agent Sam O'Neill will fight desperately to solve a case he could not solve ten years before. Then, he had no clues as to the identity of the vicious killer. This time, things are different. But can he find them before its too late? And if he does not, will ANYONE survive? The Hunter Inside is a psychological thriller with a twist. It is a page-turning roller-coaster of a novel that you wont be able to put down until all of its secrets, twists and turns have been revealed. Packed full of gruesome murders, fear and suspense, it harbors a monster so fearsome it will give you nightmares. Shimasou is here and no-one is safe.
