

## Rainy Days and Monday: Jake Monday Chronicles #4

With the President dead, the world faces the threat of not just one organization bent on global dominance, but two. Torn between doing his duty and protecting his family, Jake is faced with new dangers and the ever-present realization that he is playing a role written by someone else. Meanwhile, Andronicus must make amends for his errors against the Consortium by coordinating efforts to bring their enemy to its knees. Lars continues to play a freelance role, and discovers the depth of his sons treachery. On top of all this, Giselle may just be the key to world peace. Rainy Days and Monday begins a new cycle of fast-paced action and intrigue set in a world threatened by centuries-old regimes vying for preeminence, government corruption, and corporate greed. Only one man can stop it all and restore peace.
