

## The Wannabes

When Corbin Frederick graduated from college with an Associates degree in French, she thought her dreams of moving on to bigger and better things were finally coming into reality. Sadly, her Moms diagnosis of Alzheimers has progressed to the point where she doesnt recognize Corbin anymore. She has no support from her brothers, and her longtime boyfriend shuns her on a daily basis. She feels so lost and alone. Ryder James just moved to River Junction to live with his sister and her roommates. He had high hopes of leaving his bad boy past behind him. But with it thrown in his face all of the time, he feels that he will never be able to move on. When Corbin and Ryder meet for the first time, the attraction between them is so intense that it blows both of their minds. Can these two wannabes guide each other down the paths that they seek?
