

Family Pieces

What do you do when your once charmed life falls to pieces? Karsen Woodss life seems charmed from her hunkalicious boyfriend to her picture-perfect midwestern roots. Away at college, even the necklace she wears serves as a constant connection home - a family tradition created when her grandfather handmade each immediate relative an interlinking charm. Each piece crafted in the shape of a puzzle piece, each one interlinking perfectly together. But when the unexpected death of her mother turns her world upside down, she discovers there is a missing piece of her treasured family tradition and her life as she once knew it may never be the same. Addison Reynolds resides in her posh Manhattan condominium and wraps her personal identity around running Urbane, the magazine empire built by her father. In a moment of haste, Addison divulges her deepest secret to her closest friend Emily - a secret she never intended to disclose. Could one choice, one secret, bond two unlikely women forever?
