

## Enlightened (Soon Book 8)

In part 8 of the series, we continue on our journey with Martha, AKA Destiny, as she has now become enlightened to who and what she is. Coming into so much power so quickly and effortlessly can cause even the most stable of people among us to lose their way. What will become of her? Is it true what has been said about power?

As we move forward with this story I ask you, Does this quote also apply to women? If you havent read parts 1, 2, 3, 4, 5, 6 and 7, be sure you read them before this one so that you understand what has happened up to this point of where the story continues. This is not a series that you can pick up from any point and know what is going on. You need to read it from the beginning.
