

## Drinking Games (A Nbonivoy/Rakowski Thriller)

Funny, thrilling, and action packed! Perry is the real deal. - JA Konrath, author of ShakenPI Ned Nbonivoy is up against a sinister psychopath who bestows random acts of havoc as part of a deadly game, leaving too many rabbit trails to follow. Ned needs someone who can help him focus. AJ Rakowski, a psychic detective, is just the kind of mentalist who can help. Rakowski has been using her paranormal abilities to close cases, though with each success comes unwanted attention. Ava Jane knows it goes with the territory. But when she captures the attention of a serial killer known only as Carlton, that's when the real game begins. Psychic Detective AJ Rakowski also appears in the short stories, Abductions and Beatings (available soon), which were written in collaboration with Joe Konrath and feature his iconic female homicide detective, Lieutenant Jack Daniels. Drinking Games is approximately 13,000 words, or about 45 pages in paper. It is a short novella, not a novel. Although a stand alone story, it is part 1 of a 3 story arc.
