

## The Billionaires Lady [sequel to The Billionaires Mate] (Siren Publishing Classic)

[Siren Classic: Erotic Paranormal Romance, May-December, Shape-shifters, bondage] Having overdosed on a week of sex, Adam comes up with a unique game of visual and verbal teasing to test his and Margot's control. After he breaks the rules, Adam announces that she will be meeting his council that evening and the entire pack the next. But before the meetings, Margot drops a bombshell of her own. Her brother Matt, a straight-laced, conservative Santa Fe cop, is coming to visit. Margot is worried that he will try to talk Adam out of loving her. Upon his arrival, Adam learns that Matt has secrets of his own. At the pack meeting, Margot faces off with Leigh Kincaid-Thorne, who attacked her twice just the week before. In doing so, Margot proves to herself and the pack that she is more than capable of being The Billionaires Lady. \*\* A Siren Erotic Romance
