

Mr. Midnight

Given up for adoption just hours after her birth, thirty-year-old Caitlyn Connelly has longed her entire life to uncover her family history. Subject to bizarre and inexplicable visions, Cait is desperate to learn whether her biological mother can provide any insight as to the origin of her unusual ability. When a local investigator learns Cait was born in a Boston suburb, the Tampa lawyer wastes no time booking a flight to the East Coast. In Boston, with the city under siege by a killer known as Mr. Midnight, Cait's visions intensify, morphing from merely annoying to graphic and terrifying. Worse, Cait begins to realize she shares a strange psychic connection with the depraved sociopath. A connection that may just get her killed. As Cait and the murderer are drawn inexorably toward a violent confrontation, unraveling a decades-old mystery might be the only thing that prevents her from becoming the next victim...of Mr. Midnight.
