

Shattered: A Detective Jack Creed Novella (Cabarita Crime Series Book 2)

What would you do to the man who SHATTERED your life? A dead former UK accountant with ten expensive-looking rings on his hands shows up in an industrial waste bin behind the popular Cabarita Beach Resort, a sleepy seaside village an hours drive from Brisbane Australia in the second installment of the Australian Detective Jack Creed mystery novels. What makes this criminal investigation even more intriguing is the torture on the dead mans fingers and toes all broken prior to his death. Does this British accountant have a seedy past? Australian Detective Jack Creed is immediately on the case seeking criminal justice, but sifting through the myriad of suspects including a battered wife, a recalcitrant son, an ex-lover and a missing secretary all with secrets to hide only makes this murder by the sea more mysterious. Was the murder by a hitman involving the mafia or revenge by seduction involving a sinister womens murder club seeking sweet revenge? Find the ring, find the killer becomes Jacks mantra everyone has too many secrets to tell, but no ones talking. Will Detective Jack Creed, with all his criminal profiling skills, be able to sift through their lies and figure out this murder mystery, or will the UK ring man keep his secrets beyond the grave? C.T. Mitchell, part of the new breed of Australian crime fiction authors, dishes up mayhem in this police procedural on a scale that can be devoured in a single sitting.
