

Zoie: (The Norton Sisters series, Book 2) (Volume 2)

Zoie Norton has thrown all caution to the wind and given in to her maternal call. Her clock has ticked its last warning. Zoie has decided that she is going to take matters into her own hands as a 35th birthday present to herself. Artificial insemination is the only way. She begins treatment and gets pregnant. Just before the end of her second trimester, tragedy strikes. She retreats from the world and her family. Victor Cole is the principal at Zoie's nieces school. He has met all of the Norton sisters except the one he wants to meet, Zoie. He has wanted to have a moment to get to know the woman that is adored by all of her younger siblings. The timing is right and things are set but she calls things to a halt, suddenly. The sisters mention a cabin when Zoie disappears and refuses to take anyone's call. Victor feels it may be time for him to pay a visit to the old family property. Will Victor's plan work to finally get him a chance to know the most protected sister of the family? Or will Zoie's loss be more than even she can bear and cause her to have an even greater loss, the chance at love and a possible happy future? The Norton Sisters Series is a series about six sisters that share the same last name but are six entirely different women. The sisters by age ranking: Zoie, Wynter, Rayna, Nyema, Lynnina and Chyra are there for each other, always. They follow their own little Norton Code: In the end, family means everything and your sisters hold you up no matter what may come. *****WARNING***** FOR MATURE READERS ONLY, MUST BE 18+ HOT, ELABORATE, DETAILED SEXUAL SCENES ARE IN THIS BOOK!
