

## Connor

Strong. Sassy. Superhuman. Connors mundane teenager life takes a U-turn when she discovers her incredible abilities, and a whole new world opens up around her. Thrilled by her newfound powers, she soon realizes that being special often means being singled out - and not always by those with good intentions. With a group of friends who share similar abilities, Connor is set on a path of discovery and adventure as they try to find out more about their true self and origin. They soon find themselves pursued by Ronin; young, smart and out for revenge against them for reasons unknown.

The first novel in Dormaine G's young adult fantasy series, Connor is a witty, intense read and an exciting debut.
