

To Love a Cougar: 2 (Cougar Surrender)

Book two in the Cougar Surrender series. While shopping for lingerie, Harley finds something she can't resist sex on a stick in the mens section. Intrigued and turned-on, she sets a plan in motion. If she can get him to size a thong for her to purchase as a gag gift, perhaps he might be willing to do other things for her too. Wicked things. Curl-her-toes things. Cougar shifter Blaise is hunting for human women, that is. His effort pays off in spades when he finds himself in the changing room with the beauty who captivated him the moment he saw her. Their attraction is immediate, and it isn't long before they're burning up the sheets. But Harley soon finds herself embroiled in something she would never have imagined possible, with Blaise at the center of it. Despite what she may feel for him, it might not be enough to make her stay. A Romantic paranormal erotic romance from Elloras Cave
