

Three Deaths

Three Deaths is acclaimed writer Josip Novakovich's first exclusively Canadian edition of his writing. This elegant edition works as a triptych consisting of three distinct genres: a personal essay, a short story, and a classic tale. All three exquisite texts concern the primary theme of death and are rendered with Novakovich's renowned and uncanny sense of syntax and narrative. Three Deaths is at once dark and poignant, fierce and tender, and is both the perfect introduction to the works of Novakovich and the ideal collectors edition for longtime fans.
