

Where the Daffodils Grow

Frannie is a fifty-four-year-old abused wife who learns that she has won sixty-four million dollars in the state lottery from the tickets she sneaks to purchase every week. Her life turns around in a day as she finds empowerment within herself and takes extreme action to protect herself and her winnings from the man who has subdued her for decades. A bizarre twist of fate takes her life in directions she never imagined and provides clarity for her in unusual ways. This novelette will make your heart ache as our heroine considers every aspect of her unique situation and overcomes the submissiveness that has been literally beaten into her to take control of her life and come into her own.
