

Before the Proof

From the authors of *Death in the Beginning* and *Three Keys to Murder*, Gary Williams & Vicky Knerly introduce Samuel Tolen, an introspective CIA operative driven by his quest for truth. In Colombo, Sri Lanka, CIA operative Samuel Tolen arrives to reconnoiter a meeting between a North Korean illegal arms dealer and the personal assistant of an American millionaire. The meeting is not what Tolen expects when he uncovers a nefarious plot: a murder for hire which will occur that night in Colombo with a \$100 million payout. The problem is, he does not know who is being targeted or where the assassination will take place. During a night when clues lead only to questions, Samuel Tolen will learn that nothing is quite as it seems. It is a mission that may require the ultimate sacrifice. Two bonus reads are included with this thrilling short story: A secret chapter to the upcoming e-book, *Indisputable Proof*, and the first five chapters of *Indisputable Proof*, where Samuel Tolen will undertake a deadly quest to find a treasure which could forever change humanity. This is a new release of a previously published edition.
