PICK UP THE LOSS OF DEFERENCE, A MEDICAL THRILLER FREE FOR THE **NEXT** TWO DAYS!A **NEW** PSYCHOLOGICAL SUSPENSE NOVEL FROM THE AUTHOR OF IDENTITY X I was thoroughly intrigued, and could not give it anything less than five stars for the dark, aura of doom you created and sustained throughout the tale. It was truly suspenseful. Early reviewer Plagued with strange memory gaps, Charlotte wants her life back, even if someone has to die for her to get it. She has tried so hard to be what Gregory wanted her to be, and yet still he doesnt love her. Pregnant, miserable, and knowing she is being betrayed by the one person she had left to rely on, she promises herself that she will do whatever it takes. She must learn the truth about what happened before that day on the lake, but lies can be seductive and easier to believe, especially when they are her own.
