

Racing the Devil

Late one winters afternoon, Jake discovers an old bureau in his grandmothers house with a strange handle in the shape of the Lincoln imp. His grandmother tells him that if you knock three times it will summon the devil. Caught between a belief that the world he lives in is dull and a wish that magic of some kind existed, he cant help himself and strikes three times. Moments later three knocks come in answer on the front door. When Jakes grandmother invites the visitor in, he begins to realise that evil can take a human form far more terrible than any creature of superstition or legend. He has brought a devil into his grandmothers house and only Jake can stop him.
