

The Last Rail-Rider

Jason Gurley will be a household name one day. Hugh Howey (The Last Rail-Rider is a short story.) He doesn't remember the days before the sickness. He only knows the world since it went bad. The empty towns. The rusted-out cars. The corpses, everywhere. He doesn't know why he rides the rails. He just does. The trains never take him away from the ruin. The trains never take him anywhere. Until one day they carry him to a little town called Black Hole, Kentucky, and he meets a strange woman who knows him. Who knows everything. ---- Jason Gurley is the author of the Kindle Worlds bestseller Greatfall, and the novels The Settlers, The Colonists and The Man Who Ended the World.
