

Shifter Romance: Hunting Colby: Book 2.5 of Angler (The Angler)

If Gwen catches her prey, God help him. Gwen met her match a year ago. Like most wolf shapeshifters, they knew upon contact they were mates but Colby hadn't stuck around to bond. He'd dumped her and her whole pack knew it. Never one to cry surrender, Gwen goes on the hunt to find out exactly what sent him running. Hopping from country to country, she chases him until she loses his scent. Unable to return home with her tail between her legs, she takes a job guarding the newest member of the Nosferatu vampire clan in New York City to keep him out of trouble. Colby is hunting the vampire who kidnapped Red, a member of his slayer team, but every turn he takes leads him back to the one person he's been trying to avoid. Gwen.
