

99 Percent Kill: A Lucky Dey Thriller

99 Percent Kill follows Lucky Dey, an on-again/off-again Los Angeles County Sheriff's detective who is both willful and acerbic to a dangerous fault. While in a holding pattern for official reinstatement, Lucky accepts a one-time gig to track down the missing teenage daughter of a Midwestern software millionaire. The novel is the first in a series, but also lives as a stand-alone thriller, winding its way through an L.A. landscape where the lights are bright, but the edges can be dark, perilously frayed, and populated with a mix of human predators, amusing losers, and ambitious fringe dwellers.
