

Requiem: Collected Works and Tributes to the Grand Master

Requiem is a compelling celebration of Robert A. Heinlein and his vision, containing many rare, uncollected works by the Grand Master of science fiction, including the novellas Destination Moon, which was made into the famous George Pal film, and Tenderfoot in Space. Also featured are contributions from such luminaries as Arthur C. Clarke, Robert Silverberg, Greg Bear, and Larry Niven. Heinlein was the pre-eminent science fiction writer of the twentieth century, and Requiem reveals his mass influence on and passion for space exploration--his glory and his dream.
