

The Dark Wind

The corpse had been scalped, its palms and soles removed after death. Sergeant Jim Chee of the Navajo Tribal Police knows immediately he will have his hands full with this case, a certainty that is supported by the disturbing occurrences to follow. A mysterious nighttime plane crash, a vanishing shipment of cocaine, and a bizarre attack on a windmill only intensify Chee's fears. A dark and very ill wind is blowing through the Southwestern desert, a gale driven by Navajo sorcery and white man's greed. And it will sweep away everything unless Chee can somehow change the weather.
