

Rising from the Darkness (The Deepest Darkness series Book 3)

Its finally here the explosive finale of the Deepest Darkness series. Samantha Bartlett has a new mission and this time its one of her own choosing. Armed with information worth killing for, Samantha pieces together secrets spanning generations and uncovers the key to Debrilles plans, including the horror of his true identity. But will it be enough for redemption? Especially when facing the bridges shes burned? Life was once clearly black or white, but now Joe Roberts has a target on his back and its sighted by his boss at the FBI. Its not just from running off with their primary suspect in President Warners murder and then allowing her to escape. No. Hes the Elites latest scapegoat. That alone begs the question. Is Sam a cold-blooded killer or a mere pawn used in a global chess game? World War III looms on the horizon as the Middle East threatens to implode, world alliances are scrapped, and a once tenuous truce with a former enemy collapses all under President Durksens watch. Shadowed by the Elites constant and vigilant guard, Durksen must find a way out of the hole he dug for himself long ago. But can he accomplish it in time, or will the United States die like so many nations before it? Explosions light up the night. Friend becomes foe. Sister against sister. Lives are lost. Sacrifices made. But in order to realize true freedom, evil must be defeated. No matter the cost.
