

Robert Ludlums The Arctic Event: A Covert-One novel

An ancient bomber conceals a devastating secret - a stunning Covert-One thriller from the master storyteller. On a desolate island deep within the Arctic, a scientific expedition photographs the wreckage of a bomber. It seems to be a relic from the Cold War - but a handful of insiders know that it is a Soviet Air Force biological warfare platform, still armed with weaponised anthrax. Covert-Ones Lt. Col. Jon Smith leads a team to secure the site. But on the island they find themselves confronted with a traitor from within their ranks. Gradually they become aware that the ancient bomber conceals something else: a secret so deadly that it could trigger a Third World War...
