

Robogenesis

Its been three years since the global uprising of the worlds robots, three long years in which ordinary people waged a guerilla war that saved humankind from the brink of annihilation. But a horrific new enemy has emerged, and the resistance is called to fight once again. And in a world where humanity and technology are pushed to the breaking point, their one hope may reside with their former enemy Archos R-14.

Review: Robogenesis - the Robopocalypse Continues - Amazing Jun 10, 2014 Robogenesis , while a sequel, is both a retelling of the events in Robopocalypse as well as the fallout.
