

Sandstealers

Alls fair in love and warzones Danny Lowenstein is a big shot war correspondent with the world at his feet. But when an interview goes wrong and hes ambushed on a lonely road in Iraq, questions are asked. Was it a set-up? Worse, was he deliberately sent to his death by one of his own - the tight-knit group of adrenaline-addicted journalists who are supposed to be his best friends? Rachel, Becky, Kaps and Edwin are the Junkies: together theyve been through the thick and thin and seen the horrors of war. Yet theirs is also a tangled web of intense relationships and dark rivalries. Could one of them have become Dannys killer?
