

Bubbles Will Pop (Security Through Absurdity Book 2)

Jocelyn McLaren, a former defense contractor, is now a new mother to twins! As she struggles to maintain what she imagines to be a normal family during the economic turmoil of the US housing collapse, she becomes involved in a political campaign and encounters troubling remnants of her life working for the military-industrial complex. These interactions haunt her, as well as the father of her children, and are ultimately interlinked with the most nefarious psychopaths on the planet. Divided into three books, SECURITY THROUGH ABSURDITY is the story of corporate shenanigans, an uneasy home life, and a quixotic presidential campaign. These situations propel Jocelyn through a believably bizarre journey and into dangerous psychological territory. In a matrix of life-threatening situations, she is forced to question the very fabric of her Gen-X American upbringing. Bubbles Will Pop is the second book in Jocelyn's journey.
