

Seven Soldiers: Guardian #1

Written by Grant Morrison. Illustrated by Cameron Stewart. Grant Morrison joins forces with collaborator Cameron Stewart (CATWOMAN) for a 4-issue miniseries that weaves a tale of Guardian, a hero who's the living masthead of the Manhattan Guardian newspaper - the only newspaper that lives up to its credo: We don't just report crime—we fight crime! After the accidental shooting of a child that resulted in his handing over his badge, ex-cop Jim Harper tries to get his life in gear by applying for the job of The Guardian after spending more than a year dealing with personal demons. But Jim quickly learns to be careful what he wishes for, as the new Guardian finds himself in a pitched battle with Subway Pirates! Will he survive the ride of his life through the unknown subterranean world of New York?
