\*\*\*winner of the 2015 eLit Book Awards Gold Medal for Literary Fiction\*\*\* David Jackson leaves a successful law practice in the big city to return to the hometown he fled long ago. At its center stands Old Suzies house, a grand home once the elegant jewel of a bygone era. Now abandoned, the house stands decaying, simmering in the towns tortured past. David thought hed buried his childhood nightmares along with his father in the town cemetery under six feet of dirt and thirty years of grief, but theyre not finished with him just yet. His wife and daughter find themselves in real danger from the unquiet phantoms of Davids past. David Jacksons childhood might just hold the key to what haunts Old Suzies houseand his familys salvation. What Other Writers Are Saying: Chris Pourteaus *Shadows Burned In* turned out to be much more than I was expecting....I read a lot of books from debut authors and frankly, a lot of times it can be a chore. With SBI, Chris had me from the very beginning. This is a debut book that you really should catch....Very literary in its aspirations, an abuse story that is so much more. Michael Bunker, author of *The Pennsylvania Omnibus* A great start for a new literary voicethe storytelling and uniqueness of Mr. Pourteaus voice kept me reading on. A wonderful first attempt, and a sign of great things to come. Roberto Calas, author of the *Scourge* series This is that novel of childhoods end and adults beginning. Of saying farewell to the things you love and that scare you and hello to things youre too scared to ever stop lovingwritten extremely well and with incredible heart. Complex. Bittersweet. It doesnt let you go. I highly recommend this haunted tale. Nick Cole, author of *The Wasteland Saga*

The author excels at painting scenery.[the] reader can really see and feel the locations and delves into them. ? [Pourteau] provides

lovely gems of description reminiscent of Sarah Addison Allen: spirit moaned on the wind as an example; this is excellent writing. The reader goes back over these to enjoy them again. ? A sign of a well-written narrative. The different plot paths converge well at the end. Excellent plotting. Good tension throughout; author moves the pace nicely.
