

## Sinister Purposes

In the secluded, Kudzu-covered town of Eden, Georgia, people are dying in droves. Burnings, decapitations, crucifixions, impalings, and the occasional premature burial. The kids whisper about a mysterious, supernatural figure who walks the railroad tracks outside of town, a figure known simply as The White Man. Everyone has a theory, but no one can stop the killing. No one can stop the madness from spreading like some malignant disease. Only one man, Father Aron, knows what's going on. He vows to cure the evil. The only problem with Father Aron: the cure may be worse than the disease. Long overdue, this is a hefty new collection of connected stories that form a unified, terrifying tale from Gary Raisor, the author of *Less Than Human*. This one is something special, folks! The cover is by the fantastic Keith Minnion, and there are a half dozen truly disturbing images.
