

Sins of My Father

Sometimes the ones that claim to be in your corner are nowhere near you instead they are plotting your downfall. Love. Loyalty. Family. Sincere, Nosakhere, and Omni have been friends since middle school and have hustled the streets from the first day they met. Growing up in the hood, the trio made sure to take care of each other, and when one of them made it out, they all made it out. But not everyone is satisfied with the scraps they received. When a tragedy hits home, their bond is tested and all truths are revealed. They tell you to keep your friends close and your enemies even closer, but how can you tell the difference? Can this friendship survive the deception, lies, and betrayal that has crept into their circle? Will there ever be a time when a child doesn't have to pay for their father's sins?
