

Some Sort of Love (Jillian and Levi): A Happy Crazy Love Novel

You might think I had it all a career I loved, a supportive family, the Nixon metabolism but not the Nixon ears, and a salary that supported my lavish taste in designer shoes, fine wine, and lacy lingerie but I had no one to share it with. Until the day I ran into him my one night stand from college with the crooked smile, lets-get-out-of-here eyes, and dirty, dirty mouth. Cute and cocky then, today Levi Brooks is six feet four inches of hot bearded fantasy. A sexy single dad with broad shoulders, strong hands, and a fantastically big heart. (I mean, its massive. And generous. And it pumps so hard um. Sorry. Lost my place.) Being a good father means everything to him, but hes keeping me at a distance because he thinks I deserve someone better a man who can give me more time, more attention, more of himself. He doesnt believe he could ever be enough. But hes wrong. Hes everything.
