

Squirrel Seeks Chipmunk: A Modest Bestiary

Featuring David Sedaris unique blend of hilarity and heart, this new illustrated collection of animal-themed tales is an utter delight. Though the characters may not be human, the situations in these stories bear an uncanny resemblance to the insanity of everyday life. In *The Toad*, the *Turtle*, and the *Duck*, three strangers commiserate about animal bureaucracy while waiting in a complaint line. In *Hello Kitty*, a cynical feline struggles to sit through his prison-mandated AA meetings. In *The Squirrel and the Chipmunk*, a pair of star-crossed lovers is separated by prejudiced family members. With original illustrations by Ian Falconer, author of the bestselling *Olivia* series of children's books, these stories are David Sedaris at his most observant, poignant, and surprising.
