

The Novelist

When bestselling novelist, Jordan Casey, is challenged by a writing student to write something from her heart instead of her usual bestselling claptrap, Jordan decides to accept the challenge. Departing from her usual adventure type books, Jordan starts to write a story that allows her to merge her faith for the first time, something she had always been reluctant to pursue. As she writes, she hopes to be able to teach her students, but also reconnect with her son, Zach. But stories have lives of their own and soon Jordan finds her real life intermingling with fiction, especially as Zach's suicidal desires come to life. Will Jordan discover how to save her son, while also saving herself?
