

Tales From the Abyss: Paradox: A Fates Haven Novelette

The world watched in horror the day the mysterious being known as the Void made its presence known to the world. But for John Parker it would be remembered as the day his son disappeared without a trace. Desperate for answers, John begins a life-changing search for his lost child that brings him to the brink of despair while the FBI uncovers a link between John's missing child and a Void-worshiping cult called The Brotherhood. Paradox is a stand-alone counter-part to the Post-Apocalyptic Science Fiction series, Fates Haven. This short novelette dives into the dark background of the Void, shedding light on its origins and adding context to Bishop's corruption and inner-struggles from *The Enemy Within*. Paradox is an enjoyable read for science fiction readers and fans of Fates Haven alike.
