

A Knight in the Silk Purse (Tales of the Emerald Serpent) (Volume 2)

In Taux, the city of cursed stone, a new dark power stalks the dreams of the population with bloody footprints. Even among the celebrations of the Festival of a Thousand Blossoms, the hardy folk of the Black Gate must find a way to defeat this lurking menace before it consumes them all. A Knight in the Silk Purse blends the shared tales of twelve of fantasy's greatest modern storytellers into an epic weave of intrigue, murder, sorcery, death, and retribution like nothing else found on the shelves today.
